

ROOM PREFERENCE GUIDE

All incoming Fall 2016 residents with a signed lease agreement must complete the online Room Preference Form by June 15, 2016. Please note that room and roommate selection is limited to those spaces available.

🕒 Complete the Room Preference Form online at www.myutroom.com

The Room Preference Form is used for room assignment purposes. After completing the form, you will receive an email with links to our RoomSync. RoomSync is a Facebook application that allows you to match roommates and suitemates. You may either match up with another UT resident you know or find a roommate/suitemate through RoomSync's matching process. If you are staying in a single room you must still create a profile and match a suitemate. Although we attempt to honor your requests, we cannot and do not guarantee that you will receive all or any of the preferences indicated on the form. Furthermore, we cannot and do not make any assurances as to the compatibility between assigned roommates or suitemates. If you have any questions or would like to make changes to a Room Preference Form after it has been submitted please email the resident manager at rlcutraleigh@edrtrust.com.
