

LaundryView® 101

UNIVERSITY
TOWERS

LaundryView® Monitoring is on your campus!

View your laundry room online
before heading to see machine
availability on your smart phone at:

m.laundryview.com/utf

View your laundry room on
your computer by going to:

www.laundryview.com/utf

Tips n' Tricks:

- Don't wash a single item of clothing – wash full loads.
- Save your soap! Use only 2 tablespoons of HE detergent.
- Use the cold water setting to save energy and help the environment.
- Clean the dryer lint filter before/after each load.
- Be kind to your fellow students – remove your clothes promptly so others can use the machines.
